COLD OPEN

INT. GERMAN BEER HALL, NIGHT

Title card: Munich, Germany February 24th, 1920

A couple hundred blue-collar German schlubs are drinking at a huge beer hall. A few losers dressed in Nazi uniforms push Nazi pamphlets on them. Hitler addresses the gathering.

HITLER

<We are in a fight for the survival of our nation and our people. Against an invasion of foreigners, under the yoke of debt-slavery. We are losing our birthright and our future to a single world-enemy, the Jews.>

The Germans are silent, but interested. Hitler is pleased. The silence is broken by the slurring of a drunk man.

DICK

Jews? More like snoo-ooze!

Some guys laugh. Whoa! It's DICK MASTERSON who is three beers deep wearing an America's Wingman T-shirt on sale now at shop.dick.show

HITLER

While you snooze, the Jew is hard at work finding new ways to deceive you--

DICK

Do my eyes deceive me? Is that a mustache or did some chick's pussy get stuck on this guy's face??
HAHAHA!!

Everyone laughs like assholes. Dick holds two fingers up to his mouth and hangs his tongue out, inventing the gesture. Guys are blown away by it. Hitler approaches Dick.

HITLER

Nein! Nein! Silence! My Nazi rally will not be mocked!!

DICK

Look everyone, pussy-face here just pissed his pants!

Dick spills his beer on Hitler's groin area and everyone shits themselves laughing. Dick stands up.

DICK (cont'd)

Guys, I don't know about Jews, but these chicks with huge cans told me Germans drink like a bunch of shit schtupers. Seems to be the case.

GERMAN GUY

<We'll show them! I'm not gay!>

The Germans start drinking and shouting about not being gay and Hitler storms off. Dick opens his Patreon-exclusive livestream to talk to a holographic SEAN.

DICK

Sean, that was a legally binding burn. Why haven't I Quantum Leaped out of here?

(Sean is static-y)

Sean?

SEAN

Sorry, I had to reboot Pro Tools.

(beat)

It looks like you haven't fixed the inefficiencies in the free market yet.

DICK

Shit. The show is going to start late again.

SEAN

According to Reddit, the void Hitler left behind was filled by an even bigger evil. Sounds like your Tinder profile.

DICK

Great zinger, Sean, but who could be worse than Hitler?

BERNIE SANDERS steps up to the podium flanked by some soviet soldiers. A little bird lands on it.

BERNIE SANDERS

Yes. Drink, Comrades. Now what if I told you those beers you're drinking should be free?

The Germans go really nuts and drink even more.

BERNIE SANDERS (cont'd)
Everything should be free!

The bird tries to fly away, but Bernie grabs it in a symbolically death grip. Wow!

DICK
Oh monkey dicks.
